

MonoBehaviour

```
classDiagram
    class MonoBehaviour
    class TMPro_Examples_TeleType["TMPro.Examples.TeleType"]
    TMPro_Examples_TeleType --|> MonoBehaviour
```

The diagram illustrates a class hierarchy. At the top is the 'MonoBehaviour' class, represented by a white rectangle with a black border, divided into three horizontal sections. The top section contains the text 'MonoBehaviour'. Below it is the 'TMPro.Examples.TeleType' class, represented by a gray rectangle with a black border, also divided into three horizontal sections. The top section contains the text 'TMPro.Examples.TeleType'. A blue arrow with a hollow triangular head points from the top center of the 'TMPro.Examples.TeleType' class to the bottom center of the 'MonoBehaviour' class, indicating that 'TMPro.Examples.TeleType' inherits from 'MonoBehaviour'.

TMPro.Examples.TeleType
