

MonoBehaviour

```
classDiagram
    class MonoBehaviour
    class TMPPro_Examples_VertexColorCycler["TMPPro.Examples.VertexColorCycler"]
    MonoBehaviour <|-- TMPPro_Examples_VertexColorCycler
```

The diagram illustrates a class hierarchy. At the top is the 'MonoBehaviour' class, represented by a white rectangle with a black border, divided into three horizontal sections. Below it is the 'TMPPro.Examples.VertexColorCycler' class, represented by a grey rectangle with a black border, also divided into three horizontal sections. A blue arrow with an open triangular head points from the top section of the 'TMPPro.Examples.VertexColorCycler' class to the bottom section of the 'MonoBehaviour' class, indicating that 'TMPPro.Examples.VertexColorCycler' inherits from 'MonoBehaviour'.

TMPPro.Examples.VertexColor
