The diagram illustrates a class hierarchy. At the top is the 'MonoBehaviour' class, represented by a rectangle divided into three horizontal sections. The top section contains the class name. Below it are two empty sections. At the bottom is the 'TmpPro.Examples.VertexShakeA' class, represented by a shaded rectangle. It has a header section with the class name and a body section containing four public attributes, each preceded by a '+' sign. A blue arrow points from the top of the 'TmpPro.Examples.VertexShakeA' class to the bottom of the 'MonoBehaviour' class, indicating inheritance.
